

Claire Elizabeth Bennett

Digital estate record

Generated on 11 July 2026

If you're reading this, someone wanted to spare you from having to search, guess, or start from nothing. What follows is a record of the accounts, documents, and personal wishes that matter most, so you have what you need, when you need it.

Personal and private. This is not a legal document. Where anything here differs from the will or other official paperwork, those take precedence.
